

The Brio Health and Wellness Affiliate Program from Agentis Air is a great opportunity to provide a high-performance solution to indoor air quality (IAQ) challenges in clinical, office, and home settings.

PROGRAM BENEFITS

- **ASHRAE Certified**, High-Capacity Room Air Purifier
- Not available through Amazon or other mass merchants
- **20% referral commission** for healthcare providers
- **30% referral commission** for qualifying non-profits
- High commission on a high-value product, including future purchases
- No required participation length and **no cost to you** to participate
- Deeply discounted demo units to support sales

HOW IT WORKS

Participating affiliates receive a unique affiliate code to share with patients or clients. When they purchase through our gated web store, you earn a commission on every sale — including repeat orders.

TOP REASONS BRIO 650 OUTPERFORMS HEPA

✓ NO DROP IN PERFORMANCE

Brio delivers consistent, clean airflow with no drop-off between filter changes. **Filters last up to 5x longer than HEPA.**

✓ WHISPER-QUIET

Brio is ultra-quiet even on high speed — ideal for bedrooms, offices, and clinical environments where HEPA is too noisy.

✓ REMOVES MORE THAN JUST DUST

In addition to PM2.5, dust, mold, smoke, and other toxins and allergens, Brio filters removes ozone and formaldehyde.

✓ COST- AND ENERGY-EFFICIENT

Brio has a low cost to own over time, with **Energy Star efficiency** and high-capacity APART™ cartridges which capture more particles with less maintenance.

FAQ

WHAT AIRBORNE POLLUTANTS DOES BRIO REMOVE?

Third-party testing shows Brio quickly removes fine and ultrafine particles as small as 0.011 microns, including viruses, wildfire and wood fire smoke, auto exhaust, combustion particulate by-products, copier toner, tobacco smoke, mold spores, pollen, dust, and other similarly sized particulate matter. Testing also shows that Brio's removes ultrafine particles 50% faster than comparable HEPA air purifiers.

WHAT SIZE ROOM CAN BRIO CLEAN?

Brio is able to service rooms up to 1,300 sq ft.

WHAT IS BRIO'S RETURN POLICY? WARRANTY?

Agentis Air offers a 30-day return-for-any-reason policy and a full two-year warranty against defects.

HOW OFTEN DO BRIO FILTERS NEED TO BE REPLACED ?

Brio's non-clogging particle collection cartridge can **last up to a year or longer**, depending on the environment. Comparison testing shows Brio is able to remain at 90% of original CADR while collecting 5X as much particulate matter as comparable HEPA air purifiers.

WHAT ABOUT MAINTENANCE?

Maintenance is simple, quick, and tools-free.

WHERE CAN I APPLY TO BE AN AFFILIATE?

- To apply as a **Health and Wellness Partner**, please click [here](#).
- **Are you a Non-profit?** Please submit your application [here](#).
